

🚦 Week 1 Homework — Rule Switch Challenge 門口轉換大挑戰

Isaac · G9 Term 1 · Active ↔ Passive — the danger is not the rule, it is FORGETTING TO SWITCH

⌚ ~30 min 📝 24 marks (+6 bonus) 🎯 Focus: 每題重新判斷方向 — add be? delete be? or leave it?

⚡ **GOLDEN 2-STEP** — do this for EVERY sentence, not every ten sentences:

① 搵 **subject 主語 + verb 動詞** → ② 問：主語係咪做動作嗰個 (doer)?

✓ 係 doer → **ACTIVE** → 唔要 be (有 be 就刪走佢) · ✓ 係 receiver (動作嘅承受者) → **PASSIVE** → 一定要 **be + V3**

🚨 **Pilot Warning 自動導航警報:** 你嘅大腦一連做咗兩題同方向嘅題目，就會鎖咗嗰個 rule 度自動 pilot。所以呢份 paper 嘅題目方向係特登亂排嘅 — 每一題都係新一局，先問方向，先落筆！(用完一條 key，記得拎返出來鎖，先可以開下一道門。)

☀️ **PART A · Traffic Light — Which Door?**

8 marks ~5 min

Circle ONE for each sentence — think doer-test first, circle second:

A = Add be + V3 (sentence needs PASSIVE — receiver is the subject)

D = Delete be (be is wrong here — subject IS the doer, needs ACTIVE)

✓ = Correct already — leave it alone! 有啲句子係咁嘅，唔好見到就郁佢！

- This song **sings** by millions of people every year. **A** **D** ✓
- The thief **was caught** by the police last night. **A** **D** ✓
- The fireman **was put out** the blaze in five minutes. **A** **D** ✓
- My grandmother **grows** tomatoes in her garden every summer. **A** **D** ✓
- The classroom **cleaned** yesterday, so it looks bright today. **A** **D** ✓
- We **were watched** a movie when the power suddenly went off. **A** **D** ✓
- The medicines **are tested** by scientists every year. **A** **D** ✓
- The road **repairs** by the government each summer. **A** **D** ✓

💡 Trap alert: numbers 2, 4, 7 are candidates for ✓ — but decide with the doer-test, not with your feelings!

🎯 **PART B · Switch Direction Sprint**

12 marks ~10 min

The arrow tells you the direction — but it **CHANGES every question!** Watch the tense and the SVA of be.

→ **PASSIVE** make it passive (add be + V3) · → **ACTIVE** turn it back to active (delete be, fix the verb)

1. → **PASSIVE** The chef prepares fresh sushi every morning.

2. → **ACTIVE** The suspect was questioned by the police for two hours.

3. → **PASSIVE** Somebody stole Charles's bike last Friday.

4. → **ACTIVE** English and Chinese are spoken in this office. (邊個做 doer? 冇講 — 用 people 做 subject!)

5. → **PASSIVE** They will open the new swimming pool next month. (future passive — will BE opened)

6. → **ACTIVE** ★ The letters have been sent by the secretary already. (終極boss：變返 active 之後 verb 係咩形态？have/has + ?)

After every conversion, run the 5-second check: ① be 冇多冇漏？ ② be 嘅 SVA 啱唔啱？ ③ V3 用咗未？

PART C · Detective Corner — Fix YOUR OWN Crimes

4 marks ~5 min

Real sentences from your old worksheets. Each one has a voice-direction crime. Rewrite the whole sentence correctly in the box.

1. ✗ "He played badly in this match, so he **gets criticize** by the coach." (Jun 5 — 你嘅出品)

2. ✗ "The meals **was** prepared by mum at seven o'clock." (Aug 15 — SVA inside passive!)

3. ✗ "While the inspector was in the room, the students **were tested** on grammar." (Aug 15 — while + 進行中 = continuous passive)

4. ✗ "Our body **can be digested** most of the food." (Aug 15 — 邊個先係 receiver？receiver 要做 subject！)

❖ **PART D · Bonus Battle Round**

+6 bonus ~5 min

Rapid fire — one line each. Direction chips are mixed on purpose. 唔夠時間可以跳過，但試下啦 — 每題1分!

1. → **PASSIVE** Someone cleans the classroom every day. →

2. → **ACTIVE** The cake was made by my sister. →

3. **JUDGE ✓/✗** The homework must be finished tonight. →

4. → **PASSIVE** People grow rice in this village. →

5. → **ACTIVE** Charles was hit by a ball during the game. →

6. **JUDGE ✓/✗** The bus was arrived at 8 a.m. yesterday. → (提示：arrive 後面有冇 object?)

✓ **SELF-CHECK — before you put your pen down:**

- ☐ 每一句我都做咗 **doer-test** (主語做唔做動作？) 先落筆，唔係憑上一題嘅感覺？
- ☐ 連續兩題同方向之後，下一題我有冇停一停重新判斷？(最易出事嘅位！)
- ☐ 變咗 passive 之後，**be** 嘅 **SVA** 有冇 re-check (was / were / is / are) ？
- ☐ Part A 我圈 ✓ 啲啲，我講唔講得出點解佢咁？講唔出 → 返去再諗。
- ☐ 開頭 **CAPITAL** · 句尾 **full stop**。

ANSWER KEY — check AFTER you finish (be honest!)

Part A — Traffic Light (8 marks)

Q	Answer	Why (doer-test)
1	A — is sung	Song can't sing — receiver is the subject + by-phrase → add be + V3 (sing→sung).
2	✓	Correct passive. Thief ≠ doer; "by the police" agent. was caught ✓.
3	D — put out	Fireman IS the doer → active → delete "was". (Your Jun 5 blaze sentence!)
4	✓	Correct active. Grandmother is the doer, no by-phrase → nothing needed.
5	A — was cleaned	Classroom receives the cleaning + yesterday → past passive was cleaned.
6	D — watched	We do the watching → active → delete "were".
7	✓	Correct passive + correct SVA (medicines are). Scientists = agent.
8	A — is repaired	Road receives the repair + by-phrase → is repaired (present).

Part B — Switch Direction Sprint (12 marks · 2 each: 1 = structure, 1 = tense/SVA)

Q	Answer	Watch out
1	Fresh sushi is prepared every morning.	sushi = singular → is. V3: prepared.
2	The police questioned the suspect for two hours.	police ARE/do plural verb — no -s on questioned. Delete "was".
3	Charles's bike was stolen last Friday.	steal→stolen V3. Somebody disappears (or "by somebody" is clumsy).
4	People speak English and Chinese in this office.	No agent given → invent "people". speak (plural, no -s).
5	The new swimming pool will be opened next month.	Future passive = will BE + V3. Don't drop the be!
6	The secretary has already sent the letters.	have/has + V3 (sent). already goes between has and sent.

Part C — Detective Corner (4 marks)

Q	Fixed sentence	The crime
1	He played badly in this match, so he was criticized by the coach.	by-phrase + receiver subject → be + V3, past: was criticized (criticize→criticized).
2	The meals were prepared by mum at seven o'clock.	SVA inside passive: meals = plural → were. (Your Aug 15 error.)
3	While the inspector was in the room, the students were being tested on grammar.	while + ongoing → continuous passive: was/were being + V3.
4	Most of the food can be digested by our body.	Receiver (food) must be the subject; body moves to by-phrase.

Part D — Bonus Battle (+6)

Q	Answer	Note
1	The classroom is cleaned every day.	Present passive.
2	My sister made the cake.	Past active; made stays made.
3	✓	Modal passive: must + be + V3 — correct! (Your June mock B8 ✓)
4	Rice is grown in this village.	grow→grown. "People" disappears.
5	A ball hit Charles during the game.	hit→hit (V1=V2=V3!). Direction reversed from your own win "was hit".
6	X — The bus arrived at 8 a.m.	arrive has no object → can NEVER be passive. Delete be.

Marking Guide & Error Watch-List (for Onion)

Error Type	Isaac's Typical Mistake	Fix Rule
Missing be	"gets criticize by the coach" / "The road repairs by..."	Receiver subject + by-phrase → be + V3 , every time.
Extra be	"The fireman was put out the blaze"	Subject IS the doer → delete be, verb carries the tense.
SVA inside passive	"The meals was prepared"	be agrees with the NEW subject (plural receiver → were).
Continuous passive	"the students were tested (while...)"	while + in-progress → was/were being + V3 .
Object not promoted	"Our body can be digested most of the food"	Receiver → front (subject); doer → by-phrase.
Over-flagging	Circles X on correct passives (Aug 15 Rev B)	Must NAME the crime before flagging; no name → it's correct.
Intransitive passive	(teaching target) "was arrived"	No object → no passive, ever (arrive, happen, die, come).
