Isaac · G9 T1 W5 · Set A · independent revision · /20

黃金法則：先問有冇移動、再問終點：toward = 向住（未必到）· onto = 上到表面 · away from = 離開 · through = 穿過兩端；under 可以係靜止位置。Tense: yesterday → was/were + V3; at that moment → was/were being + V3; before a past event → had been + V3。每題重新判斷，唔好 autopilot。

Independent homework · ~20–25 min: Do all zones without looking at the key. Then turn to the separate final page, mark in a different colour and write one reason for an error. Game is optional extra, not part of /20.
